OFFICE OF RESEARCH NEWSLETTER

## FEATURED AWARD THE KETO-CARE STUDY

Jeff Volek

The Volek Lab (Human Sciences), in collaboration with Ohio State colleagues Maryam Lustberg, MD, MPH (and the Breast Cancer group), and Michael Knopp, MD, PhD (Wright Center of Innovation in Biomedical Imaging), were recently awarded \$651,396 from the Lotte & John Hecht Memorial Foundation to explore the effects of nutritional ketosis in women with metastatic breast cancer. Survivability of a late stage breast cancer diagnosis (stage 4) is approximately 20 percent. There currently exists a lack of consensus regarding optimal nutrition strategies for breast cancer survivors, underscoring the need for well-controlled dietary intervention studies investigating promising approaches.

For more than two decades Jeff Volek has been researching how a very low-carbohydrate, moderate-protein, high-fat (ketogenic) diet impacts human health. The findings of dozens of experiments he has published show that ketogenic diets resulting in a state of nutritional ketosis uniquely benefit obesity, metabolic syndrome and type-2 diabetes. His group is now turning its attention toward cancer.

The project, entitled Ketogenic Diet and Chemotherapy to Affect Response to Breast Cancer Treatment (The KETO-CARE Study), will enroll women with a recent diagnosis of metastatic breast cancer. Utilizing their research kitchen, the Volek team will prepare

personalized ketogenic meals to the women for three months, followed by another three months of ketogenic eating on their own. The responses will be compared to a control group undergoing standard of care treatment. State-of-the-art PET/CT imaging will be used to assess tumor progression. Several other biologic and behavioral measures will be tracked, including a focus on immune responses in collaboration with Gerry Krystal at the University of British Columbia.

Parker Hyde, one of Volek's doctoral students, will coordinate the project. He recently published a review on the pleiotropic effects of nutritional ketosis on breast cancer ([go.osu.edu/HydeReview](http://go.osu.edu/HydeReview)). Teryn Sapper, MS, RD, and Anna Woodruff will oversee dietetic aspects, and Ryan Dickerson will manage immune assays and other biomarkers.

This will be the first rigorously controlled study to examine the effects of nutritional ketosis in women with advanced breast cancer. According to Volek, "If our hypotheses are correct, we think many women will adapt favorably as evidenced by sustained nutrition ketosis, improvements in tumor response, metabolic and inflammatory/immune status, body composition and measures of well-being. If that happens, we have an opportunity to make a giant leap forward in improving the lives of women with breast cancer." 🍷

*For additional information about this project, contact Jeff Volek at [volek.1@osu.edu](mailto:volek.1@osu.edu).*

### A MESSAGE FROM OUR ASSOCIATE DEAN

Dear Colleagues,

I have been meeting with faculty, staff and students across our college since assuming my role as associate dean for research and administration on July 1, 2017. These meetings have underscored to me the reasons that we have chosen to be professors, students or staff in this college.

Many of us are driven by an internal passion to improve lives of children, families and adults in our communities. This passion propels us to do the hard work that sometimes goes unnoticed by others; or worse, we suffer barriers in our work because of supports that may or may not be in place. And yet, we continue to do the work because it is important to us. I feel immensely proud and humbled to be part of this greater whole of faculty, staff and students.

Over the next year, my goal, and that of the EHE Office of Research team, is to facilitate your work as best we can by easing barriers and increasing supports.

Natasha Slesnick  
Associate Dean  
for Research and  
Administration

## NEW TOOLS

### EHE PROPOSAL DEVELOPMENT WIKI

The EHE Office of Research has created a new wiki space for EHE faculty and researchers. The wiki provides information to support the development of proposals including examples of award-winning proposals, budgets and proposal templates. The wiki is located at [go.osu.edu/ProposalDevelopment](http://go.osu.edu/ProposalDevelopment) (OSU login required). To request access to the wiki, please contact Kim Lightle at [lightle.16@osu.edu](mailto:lightle.16@osu.edu).

### ONLINE LIBRARY OF FUNDING OPPORTUNITIES

Did you know that the EHE Office of Research has a collection of active funding opportunities which have been handpicked for faculty and researchers in EHE? Entries include opportunities from federal, state, foundation and OSU sponsors. Browse or search for opportunities by keyword as well as sponsor type, program type and topic. Opportunities are added to the online library as they are released by funding agencies so check back often! The funding opportunities library is located at [go.osu.edu/fundingopp](http://go.osu.edu/fundingopp)s.

## EHE OFFICE OF RESEARCH RESOURCES AND SERVICES

The EHE Office of Research offers many resources and services including proposal development, post-award support, programming and funding. Here is a quick breakdown of the services we provide and the resources available on our website.

### EVENTS

[rmc.ehe.osu.edu/events](http://rmc.ehe.osu.edu/events)

We provide training opportunities throughout the year related to proposal development and grant administration. The EHE research calendar includes EHE training opportunities as well as those available from other colleges and offices. An archive of past training events can be found at our Professional Development Archive ([ehe.osu.edu/research/professional-development](http://ehe.osu.edu/research/professional-development)).

### FUNDING

[go.osu.edu/EHEORfunding](http://go.osu.edu/EHEORfunding)

We also administer programs that include dissertation fellowships and travel support for graduate students, postdoctoral researchers and faculty. We also have matching funds to support grant-funded student positions that are included in proposal submissions.

### PROPOSAL DEVELOPMENT

[go.osu.edu/preaward](http://go.osu.edu/preaward)

We help principal investigators (faculty, staff and students) effectively navigate the processes for developing and submitting externally-funded projects. We provide an array of services depending on the particular requirements of the sponsor and the needs of principal investigator.

### POST-AWARD SUPPORT

[go.osu.edu/postaward](http://go.osu.edu/postaward)

We support the administration of awards once they have been received including appointing personnel to a project, release time appointments, cost share, effort reporting, progress reports and project close-out.

Our website is full of helpful information --- but where is it? Where do you go to find the EHE Office of Research resources and services you need? Many of the resources you used to find on our website are now located on the EHE Portal. All of the content you found on our website before is still available - you just need to log in to the portal to access it. Go to [portal.ehe.osu.edu/research](http://portal.ehe.osu.edu/research) to find funding opportunities, grants and contract support, policies and more!

# QUESTIONS? WE'VE GOT ANSWERS...

The EHE Office of Research staff are available to answer your questions and assist you with your research needs... but where do you start and who do you call? Use this handy guide as your quick, go-to resource! Tear out this page and post it somewhere so that the next time you have questions, you'll know who can help!

# WELCOME NEW FACULTY

## EHE ADDS EIGHT NEW FACULTY MEMBERS

### EDUCATIONAL STUDIES

Scott  
Graves

**SCOTT GRAVES**

**Associate Professor,  
School Psychology**

**Previous Institution:**

Duquesne University

**Research Interests:**

Urban education, strength-based assessment, early childhood development.

[graves.388@osu.edu](mailto:graves.388@osu.edu)

Minjung Kim

**MINJUNG KIM**

**Assistant Professor,  
QREM**

**Previous Institution:**

University of Alabama

**Research Interests:**

Advanced quantitative methods including structural equation modeling and multilevel modeling.

[kim.7144@osu.edu](mailto:kim.7144@osu.edu)

Jessica  
Logan

**JESSICA LOGAN**

**Assistant Professor,  
QREM**

**Previous Institution:**

The Ohio State  
University

**Research Interests:** Research design; longitudinal, latent and multilevel modeling; quantile regression. Examining children's cognitive development and its contributing contextual factors.

[logan.251@osu.edu](mailto:logan.251@osu.edu)

### HUMAN SCIENCES

Julie Hillery

**JULIE HILLERY**

**Associate Professor, Clinical  
Faculty**

**Previous Institution:**

University of New Mexico

**Research Interests:**

Student career/professional development, clothing and society, and consumer behavior.

[hillery.7@osu.edu](mailto:hillery.7@osu.edu)

LeeAnn  
Lower

**LEEANN LOWER**

**Assistant Professor, Sports  
Management**

**Previous Institution:**

Ball State University

**Research Interests:**

Organizational effectiveness of sport programs; mechanisms of participant development within collegiate recreation and youth sport; legal issues in sport management.

[lower.34@osu.edu](mailto:lower.34@osu.edu)

Eric Porfeli

**ERIC PORFELI**

**Chair, Human Sciences;  
Professor, Sports  
Management**

**Previous Institution:**

Northeast Ohio Medical  
University

**Research Interests:** Lifespan career development; career assessment/psychometrics; community engagement.

[porfeli.1@osu.edu](mailto:porfeli.1@osu.edu)

### TEACHING AND LEARNING

Peter Sayer

**PETER SAYER**

**Associate Professor,  
Language Education  
Studies**

**Previous Institution:**

University of Texas at San  
Antonio

**Research Interests:** Language learning and teaching of emergent bilinguals in Mexico and the U.S.; educational sociolinguistics, language policy, Spanish-English bilingualism.

[sayer.32@osu.edu](mailto:sayer.32@osu.edu)

Mandy  
Smith

**MANDY SMITH**

**Assistant Professor, Science  
Education**

**Previous Institution:** Capital  
University

**Research Interests:**

Conceptual change theory, promoting science content understanding in Pre-K-16 classrooms, science methods courses and best science practices in linguistically diverse classrooms/contexts.

[smith.7810@osu.edu](mailto:smith.7810@osu.edu)

iD

## WHAT'S YOUR ORCID? DISTINGUISH YOURSELF IN THREE EASY STEPS

ORCID provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized. To learn more about ORCID, visit [orcid.org](https://orcid.org).

1

### REGISTER

Get your unique ORCID identifier. Register now! Registration takes 30 seconds.

Go to [orcid.org/register](https://orcid.org/register).

2

### ADD YOUR INFO

Enhance your ORCID record with your professional information and link to your other identifiers (such as Scopus or ResearcherID or LinkedIn).

3

### USE YOUR ORCID ID

Include your ORCID identifier on your Webpage, when you submit publications, apply for grants, and in any research workflow to ensure you get credit for your work.

Since we opened our doors in 2015, EHE's Research Methodology Center (RMC) has provided consulting services on a broad variety of issues related to research methodology.

Through our work we have found that grant-writing clients face special challenges, including tight timeframes, budget constraints and pressure to use rigorous and innovative methods in sampling, recruitment, intervention, fidelity, data collection/management and analysis.

Time seems always to be in short supply for those preparing proposals. In some cases, funders announce funding opportunities shortly before the due date and don't leave investigators much time to develop their proposals. In other cases, clients spend a great deal of time working through the background and significance of their proposal before getting started on the research plan. In some ways, this makes sense because we all know the importance of the impact and significance sections for any proposal.

Blair Johnson, professor of psychology from the University of Connecticut, cautions researchers against regarding the research plan as an afterthought in the grant-writing process (Johnson, nd). Johnson emphasizes that a rigorous, well-written methods section can inspire confidence in those who review your

proposal. Conversely, a poorly written research plan can cast doubts on the researcher's ability to successfully conduct the proposed project.

So when should you contact the RMC to get started on your research plan? Ann O'Connell, director of the RMC, suggests that you get in touch with a consultant early and often throughout the process of grant-writing. She states, "Regular and iterative review of the flow of your proposal, from specific aims/goals through approach/methods is the ideal way to ensure that your final proposal is strong and compelling when it is submitted."

What can the RMC do to help? Beginning this semester, the RMC will offer Grants-Only Consulting sessions beginning on Tuesday, September 19, from 1:00 - 3:00PM in 136 Ramseyer. These two-hour sessions are open to graduate students and faculty who are currently working on a grant proposal. The focus of the sessions will be to meet you where you are in the process of writing your research plan, and provide resources and consultation to help you keep moving in the process.

Contact us at [rmc@osu.edu](mailto:rmc@osu.edu) with questions, comments or suggestions.

#### **References:**

Johnson, B. A. (n.d.). Approach-Methods: Not just an afterthought. Retrieved from [go.osu.edu/Approach-Methods](http://go.osu.edu/Approach-Methods).

## **RMC MISSION**

The RMC's mission is to support and advance the design and conduct of high-quality research in education and human ecology by building EHE capacity for innovative and rigorous research methodologies.

### **RMC Grants-based Services**

Whether you are an experienced grant writer or a beginner, the RMC has services that are designed to help you be a successful investigator.

### **Fall 2017 Open Consulting Hours**

Wednesdays from 1:00PM - 3:00PM  
For location each week check the RMC website's Consulting Page.

### **Fall 2017 Grants-Only Consulting Hours**

Every other Tuesday (see dates below)  
1:00PM - 3:00PM, 136 Ramseyer

Tuesday, October 3  
Tuesday, October 31  
Tuesday, November 14  
Tuesday, November 28

### **Fall 2017 Individual Consulting**

By appointment. Send us an email with the word "Consulting" in the subject line. Tell us about your question, and we will contact you to discuss an appointment.

### **RMC Affiliates**

Are you a faculty member or researcher with an interest in methodology? The RMC is looking for new affiliates who would like to participate in RMC workshops, panel discussions, website development and consulting activities. For more information, see the Affiliates page on our website

### **Already an Affiliate?**

The RMC would like to share information about your current research, grant activities, publications, presentations and accomplishments. Please contact us for more details.

# EHE DISSERTATION FELLOWSHIP AWARDEES

The EHE Office of Research, in partnership with the departmental graduate study committees, awarded graduate dissertation research fellowships to the following students. The intent of the dissertation fellowships is to support outstanding students in the completion of their programs by allowing them to focus on their dissertation research. Fellowships include a monthly stipend, benefits and postcandidacy fee waivers for the academic year.

### Educational Studies

Scott Dueker  
Narmada Paul

### Human Sciences

Vanja Bogicevic  
Will DuPont  
Ciaran Fairman  
Laura Hopkins  
Seulki Ku  
Joshua McDonald  
Deena Snoke

### Teaching and Learning

Min Young Kim

# UNIVERSITY FELLOWSHIP AWARDEES

Welcome to our new graduate students who have received University Graduate Fellowships. Congratulations!

### Educational Studies

EnJoli Alexander, University of Hawaii

Tyler Hallmark, University of  
Pennsylvania

Bushra Ismail, The Ohio State  
University

Alexandros Nikolaidis, Teacher's  
College of Columbia University

Jessica Rivera, University of Wisconsin

Spencer Smith, Ohio University

### Human Sciences

Hui Ming Chan, Cambridge University

Sunwoo Lee, Seoul National University

### Teaching and Learning

Emily Dennett, University of  
Massachusetts

Jue Yeon Kim, Calvin College

Crystal Martin, The Ohio State  
University

Lindsey Rowe, Lipscomb University

Alison Koenka

## KOENKA RECEIVES APA OUTSTANDING DISSERTATION AWARD

Alison Koenka, Educational Studies, was honored with the Paul R. Pintrich Outstanding Dissertation Award. This award is given by the American Psychological Association's (APA) educational psychology division (Division 15) to one recent PhD graduate per year who has recently (within the last two years) completed a dissertation in the field of educational psychology. As the award recipient, Koenka received a plaque, \$500 and will give an invited keynote address at the APA convention in August 2018. Additional information about the award can be found at [apadiv15.org/awards/pintrich-award](http://apadiv15.org/awards/pintrich-award).

# NEW RESEARCH AWARDS

Faculty and staff in the college received 12 new awards between March 1, 2017 and June 30, 2017. The anticipated total award amount for all 12 awards is **\$1,254,891**. PIs from EHE are in bold. For additional information on these and previous awards, go to [u.osu.edu/eheresearchawards](http://u.osu.edu/eheresearchawards).

## MOORE RECEIVES TWO AWARDS FROM AERA

James L. Moore III

The American Educational Research Association (AERA) announced the winners of its 2017 awards for excellence in education research. Among those honored

was James L. Moore III, Executive Director of the Todd Anthony Bell National Resource Center on the African American Male and Education and Human Ecology Distinguished Professor of Urban Education at The Ohio State University.

The Multicultural/Multiethnic Education Special Interest Group of AERA also selected Moore as the 2017 recipient of the Dr. Carlos J. Vallejo Memorial Award for Lifetime Scholarship. This award is given annually to one scholar/practitioner based upon the following criteria: illustrated effort in producing scholarship that advances multicultural and multiethnic education (broadly defined) within all educational, cultural, societal and social settings, and contexts, levels and locations; and a demonstrated commitment to underserved communities beyond scholarship with evidence of improving the practical conditions experienced by multicultural/multiethnic communities.

AERA honored Moore during the AERA Annual Meeting on April 29 in San Antonio, Texas.

For additional information, go to [go.osu.edu/MooreAERA](http://go.osu.edu/MooreAERA).

Brian Turner

## TURNER HONORED BY SPORT MANAGEMENT SOCIETY

Brian Turner, associate professor of sport management, was presented with the Distinguished Sport Management Educator Award by the American Society for Sport Management on June 3.

Turner is known by his students and faculty colleagues alike for his unwavering commitment to student learning at all levels. "He is a 'student' of teaching," wrote nominator, former colleague and alumna Janet Fink, the Mark McCormack Professor of Sport Management at the University of Massachusetts.

All of Turner's nominators emphasized that his student evaluation scores are consistently among the highest possible. This is because, as Donna Pastore, professor of kinesiology in EHE wrote, "He has the unusual ability to motivate his students and establish positive rapport through his instruction." For additional information, go to [go.osu.edu/Turner](http://go.osu.edu/Turner).

## UPCOMING EVENTS

### QUALTRICS CORNER: SURVEY FLOW PART II WEBINAR

Monday, October 2  
11:30AM - 12:00PM

### CAYUSE 101 WEBINAR

Monday, October 9  
11:30AM - 12:00PM

### INTRO TO SECONDARY DATA

Thursday, October 19  
10:00AM - 11:30AM  
Research Commons  
18<sup>th</sup> Ave. Library, 3<sup>rd</sup> Floor

### EFFORT REPORTING WEBINAR

Monday, October 30  
11:30AM - 12:00PM

Find additional events and register  
for our workshops/webinars on our  
events calendar:

[go.osu.edu/ResearchEvents](http://go.osu.edu/ResearchEvents)

## SAVE THE DATE!!!

7<sup>th</sup> Annual

EHE Student Research Forum  
Friday, February 23, 2018  
Ohio Union, 3<sup>rd</sup> Floor

## EDITORS

### Assistant Dean

Kimberly Lightle  
[lightle.16@osu.edu](mailto:lightle.16@osu.edu)

### Administrative Coordinator

Rebecca Chacko  
[chacko.9@osu.edu](mailto:chacko.9@osu.edu)

## OFFICE OF RESPONSIBLE RESEARCH PRACTICES (ORRP): SUPPORTING RESEARCH ON HUMAN SUBJECTS

The Office of Responsible Research Practices (ORRP) assists Ohio State faculty, staff and students in conducting human subjects research. The ORRP staff helps researchers navigate regulations governing research in a way that fosters ethical conduct, ensures compliance and minimizes administrative burden. Access all of the human subjects research resources at [orrrp.osu.edu/irb](http://orrrp.osu.edu/irb).

A new Collaborative Institutional Training Initiative (CITI) course is now available for social and behavioral sciences researchers engaged in clinical trials of drugs, devices, biologics and/or behavioral interventions. To access CITI, log on at [go.osu.edu/citi](http://go.osu.edu/citi) and click on Main Menu. To enroll in the course, click on Add a Course and then check the box for Good Clinical Practices for Social and Behavioral Researchers. For questions, please contact Ellen Patricia at [patricia.1@osu.edu](mailto:patricia.1@osu.edu).

Templates and sample research documents ([orrrp.osu.edu/irb/investigator-guidance](http://orrrp.osu.edu/irb/investigator-guidance)) are available including guidelines for writing a research protocol and examples of consent, assent and parental permission forms. This page also includes an investigator guide that helps you decide whether review is even required.

Personalized consultations are available to review requirements for specific projects. Weekly office hours are held in the 18th Avenue Library (175 West 18th Avenue) Research Commons on the third floor. Call 614-292-8412 to schedule an appointment. Office hours are held on Tuesday 9-11am, Wednesday 1-3pm, and Thursday 9-11am.

Classroom presentations are also available for either a general Institutional Review Board (IRB) overview or for information on specific topics. Please contact Joni Barnard at 614-688-3405 or [barnard.15@osu.edu](mailto:barnard.15@osu.edu) to schedule a visit.

The Frequently Asked Questions (FAQ) page ([orrrp.osu.edu/irb/irb-faqs](http://orrrp.osu.edu/irb/irb-faqs)) is always a good place to start – maybe your question has already been answered.

## EVALUATION SERVICES WITHIN REACH

The CETE Results Management Team (RMT) in the College of Education and Human Ecology provides a range of evaluation services for Ohio State faculty and organizations outside the university.

Comprised of six staff within EHE's Center on Education and Training for Employment (CETE), the Results Management Team has over 70 years of combined evaluation and research experience. Since 2002, RMT has designed and implemented a variety of evaluation projects worth over \$11 million. RMT recently completed a multiyear randomized controlled trial evaluation of OhioMeansJobs.com with the Ohio Department of Jobs and Family Services.

From logic model development to outcomes definition to the implementation of formal studies, RMT staff members have a wide array of skills and knowledge to support evaluation within Ohio State and beyond. If you are looking for an evaluator for funded research, email or call David Julian at [results@osu.edu](mailto:results@osu.edu); 614-292-5046. For examples of current and past RMT projects, visit [u.osu.edu/evaluation](http://u.osu.edu/evaluation).
